Rich, that's fine.....

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Ex. 5 - Deliberative

Lisa Feldt made it clear (in no uncertain terms) that HQ will want to discuss the scope of our resampling..... she believes we have previously laid out the criteria back when we rolled out week 1 results

She said she was open to listening. Thanks, den.

Den/Jerry,

I have finished our latest draft on resampling strategy and sent it to Rich and Kelley. I am not ready to share it with you until I get their review for both accuracy and opinion. I wanted you to know our progress, however.

By Monday morning, I plan to send these documents to you which will be our recommendation for resampling. Please know that it is not a sampling plan, per se, but a strategy document which I expect you will need to brief up the chain. When we have a better feeling of what will be decided after those briefings, I will task Techlaw to draft a sampling plan for review.

OK?

Rich

Rich/Kelley,

Please review the attached documents for accuracy (Kelley) and opinions (both of you). I need your comments/changes, etc. before Monday morning, when I plan to send our recommendations to Den/Jerry for resampling.

OK?

Thanks.
